PROFESSIONAL PROFILE

Data and Technical Analyst with 4+ years of experience working at the intersection of analytics, business operations, and customer-facing technical support. Specialized in GA4 implementation, GTM configuration, tracking validation, dashboard development, and incident investigation across SaaS and eCommerce environments.

Strong track record in improving data reliability, supporting GA4 migrations, and partnering with cross-functional teams to ensure accurate measurement frameworks.

PROFESSIONAL EXPERIENCE

Stefanini Group (Gauge) — Data Analyst

2022 – 2026

- Designed and maintained BI dashboards tracking acquisition, revenue, and performance KPIs.
- Led GA4 tracking audits and GTM validations across multiple clients.
- Reduced data discrepancies between paid media and analytics platforms by approximately 15–20%.
- Supported full transition from Universal Analytics to GA4 dashboards.
- Defined measurement plans, event structures, and parameter mapping.

Impact: Improved stakeholder trust in reporting and enabled more accurate campaign optimization decisions.

Session AI — Customer Solutions Analyst (Contract)

2025

- Supported enterprise eCommerce clients with tracking validation and behavioral analytics.
- Conducted QA across staging and production environments.
- Identified and resolved tracking inconsistencies affecting funnel reporting.
- Implemented structured QA processes that reduced tracking-related incidents by ~25%.
- Acted as a bridge between engineering teams and client stakeholders.

DXC Technology — Technical Analyst (Data & Operations)

2023 – 2026

- Investigated production incidents using SQL queries and log validation.
- Conducted root cause analysis to reduce recurrence of operational issues by ~20%.
- Monitored SLA compliance and created performance reports.
- Improved documentation standards for technical escalations.

Cognizant — Web Implementation Analyst (LATAM & EMEA)

2021 – 2022

- Supported GA4 migration projects for multiple international clients.
- Implemented eCommerce tracking via Google Tag Manager.
- Configured Google Analytics, Google Ads conversion tracking, and Merchant Center integrations.
- Worked with CMS platforms including Shopify, Magento, and WordPress.
